

## **SUMMARY OF KEY CHANGES TO AIR FORCE DOCTRINE PUBLICATION (AFDP) 3-34, ENGINEER OPERATIONS**

- Publication reformatted from doctrine topic module structure to book format
- Organization restructured to reflect operations across the competition continuum
- Language updated to reflect support to US Space Force installations in addition to Air Force operations
- Installation support and services discussion added to overall Engineer Functions, rather than presented separately
- Discussion of Civil Engineer teams expanded and enhanced
- Planning discussion incorporated throughout document, rather than called out separately
- Appendix A: Prime BEEF/RED HORSE Capabilities updated for accuracy
- Provided discussion on National Defense Strategy and its impact on engineer operations
- Adjusted 'tone' as necessary
- Hyperlinks to appropriate primary source documents added/updated as required
- Terminology updated to reflect the current DOD dictionary and system names; no substantive changes to this annex were created by the updates
