## ANNEX 4-0 COMBAT SUPPORT

### **SUSTAIN THE MISSION, FORCES, AND INFRASTRUCTURE**

Last Updated: 21 December 2015

Sustaining the mission, forces, and infrastructure ensures combat support (CS) is maintained for the duration of operations, maximizing the use of reachback, to include the industrial base. As with supporting the mission, forces, and infrastructure, the expanded and extensive lists of functions in the [Sustainment Resupply Distribution and Delivery](#) and [Total Asset Visibility](#) discussions provide an overview of the diverse aspects of CS that support the Service during the Sustaining the Force core process. All of the CS components within the [Air Force forces staff](#) conduct the sustainment planning and tracking for the [commander, Air Force forces](#).
