### FAQs

▼ What is this site all about?

This is the home of the library of US Air Force doctrine. It is organized into 5 main volumes and 28 supporting annexes that span the range of all Air Force operations. Its purpose is to improve access to Air Force doctrine, simplify the doctrine publishing process, and eliminate the redundancy of having stand-alone doctrine publications.

### Air Force Doctrine Topics

- Chief of Staff of the Air Force Perspective - The success of our Air Force in meeting the challenges of this rapidly changing world depends on understanding our doctrine. I encourage you to read it, discuss it, and apply it...
- A Quick Introduction to Doctrine for Newcomers - The Air Force provides the United States with airpower. To achieve this, our Air Force doctrine provides Airmen with the historically proven best practices learned through experience. These foundational basics allow us to respond more quickly to operations in today's changing world environment, freeing commanders and planners to think about larger issues such as strategy, operational art, and objectives....
